- (5) An NBFC shall ensure the correctness and timeliness of information regarding DLAs, as the data, as submitted by the NBFC on CIMS, shall be published on the website of the Reserve Bank in an automated manner and the Reserve Bank shall not verify / validate the data submitted on CIMS. All issues and grievances of customers concerning DLAs shall be addressed and dealt with by the NBFC directly.
- (6) An NBFC shall ensure that the inclusion of any third party DLAs deployed by them as part of above reporting, shall not be construed by the DLAs or any associated entity as conferring any form of registration, authorization, or endorsement by the Reserve Bank. An NBFC shall also ensure that such inclusion is not misrepresented in any marketing, promotional, or other materials issued by or on behalf of the DLAs.

E. Loss sharing arrangement in case of default

19. Eligibility as DLG provider

An NBFC may enter into DLG arrangements only with an LSP / other lender engaged as an LSP. Further, the LSP providing DLG shall be incorporated as a company under the Companies Act, 2013.

20. Due diligence and other requirements with respect to DLG provider

- (1) An NBFC, including an NBFC acting as DLG provider, shall lay down, as part of its policy, the eligibility criteria for DLG provider, nature and extent of DLG cover, process of monitoring and reviewing the DLG arrangement, and the details of the fees, if any, payable to/ received by the DLG provider, as the case may be before entering into any DLG arrangement.
- (2) An NBFC shall ensure that any DLG arrangement does not act as a substitute for credit appraisal requirements and robust credit underwriting standards need to be put in place irrespective of the DLG cover.
- (3) Every time an NBFC enters into or renews a DLG arrangement, it shall obtain adequate information to satisfy itself that the entity extending DLG would be able to honour it. Such information shall, at a minimum, include a declaration from the DLG provider, certified by the statutory auditor of the DLG provider, on the aggregate DLG amount outstanding, the number of lenders and the respective number of portfolios against which DLG has been provided. The declaration shall also contain past default rates on similar portfolios.
- (4) It is clarified that the due-diligence requirements specified herein are in addition to the general requirements applicable to NBFC-LSP arrangements as set out in paragraph 6 of these Directions.

21. Restrictions on entering into DLG arrangements

- (1) An NBFC shall not enter into DLG arrangements on the loans which are covered by the credit guarantee schemes administered by trust funds as specified under the [Reserve Bank of India \(Non-Banking Financial Companies – Prudential Norms on Capital Adequacy\) Directions, 2025](#).

- (2) NBFC – P2P shall not enter into DLG arrangements for the loans facilitated over its platform and be guided by the [Reserve Bank of India \(Non-Banking Financial Company – Peer to Peer Lending Platform\) Directions, 2025](#).

22. Structure of DLG arrangements

DLG arrangements shall be backed by an explicit and legally enforceable contract between the NBFC and the DLG provider. Such contract, among other things, shall contain the following details:

- (1) Extent of DLG cover.
- (2) Form in which DLG cover is to be maintained with the NBFC.
- (3) Timeline for DLG invocation.
- (4) Disclosure requirements as under paragraph 28 of these Directions.

23. Forms of DLG

An NBFC shall accept DLG only in one or more of the following forms:

- (1) Cash deposited with the NBFC.
- (2) Fixed Deposit maintained with a Scheduled Commercial Bank with a lien marked in favour of the NBFC.
- (3) Bank Guarantee in favour of the NBFC.

24. Cap on DLG

- (1) An NBFC shall ensure that the total amount of DLG cover on any outstanding portfolio which is specified upfront shall not exceed five per cent of the total amount disbursed out of that loan portfolio at any given time. In case of implicit guarantee arrangements, the DLG Provider shall not bear performance risk of more than the equivalent amount of five per cent of the underlying loan portfolio.
- (2) The portfolio over which DLG can be offered shall consist of identifiable and measurable loan assets which have been sanctioned (the 'DLG set'). This portfolio shall remain fixed for the purpose of DLG cover and is not meant to be dynamic.
- (3) Illustrative examples on cap on DLG: .

Illustration 1

Assume that as on April 1, 2024 the NBFC earmarks a portfolio of ₹40 crore (out of the total sanctioned loans) under a DLG arrangement (DLG set). This portfolio shall remain "frozen" for the purpose of the specific DLG arrangement - meaning that no loan assets can be added or removed from it, except through loan repayment/ write-off. The NBFC can have such multiple DLG sets.

The ceiling for DLG cover on such portfolio shall be fixed at ₹2 crore (5 per cent of ₹40 crore), which shall get activated proportionately as and when the loans are disbursed.

Illustration 2

Assume that out of the above DLG set, loans amounting to ₹10 crore are disbursed immediately. Then as on April 1, 2024, the DLG cover available for the portfolio shall be ₹0.5 crore (5 per cent of disbursed).

Subsequently, if loans of ₹10 crore are further disbursed on April 15, 2024, the DLG cover shall proportionately increase to ₹1 crore effective April 15, 2024.

(Refer table below also for summary of each case)

Case 1: As on June 30, 2024, loans worth ₹5 crore mature without any default. In this case, the outstanding portfolio in the books of the NBFC would be ₹15 crore and the DLG cover shall remain at ₹1 crore.

Case 2: Subsequently, there is a default of ₹2 crore during Q2-2024 and consequently the NBFC invokes the entire DLG of ₹1 crore (assuming that till date zero principal / interest have been received towards these loans). In this case, as of Sept 30, 2024 the outstanding portfolio in the books of the NBFC shall be ₹15 crore (₹20 crore original portfolio less ₹5 crore loans matured without default) but no headroom for DLG will be available as the maximum permissible DLG cover of ₹1 crore (5 per cent of disbursed) has been exhausted

Case 3: Going further, let's assume that recovery worth ₹1 crore is made by the NBFC during October 2024 on the defaulted loans of ₹2 crore. In such a case, the amount of the outstanding portfolio in the books of the NBFC as on October 31, 2024 shall come down to ₹14 crore (₹20 crore original portfolio less ₹5 crore loans matured without any default less ₹1 crore loans which were

in default and recovered). However, the recovery amount of ₹1 crore cannot be added to reinstate the DLG cover.

(figures in ₹crore)							
Period	Disbursed	Loan maturing without default	Default Amount	DLG Invoked	Recovery/ Write-off	Outstanding Portfolio	Available DLG Cover
Initial Position	10	-	-	-	-	10	0.5
Further disbursement	10	-	-	-	-	20	1
Case 1	20	5	-	-	-	15	1
Case 2	20	5	2	1	-	15	0
Case 3	20	5	2	1	1	14	0

- (3) Recovery by an NBFC, if any, from the loans on which DLG has been invoked and realised, can be shared with the DLG provider in terms of the contractual arrangement.
- (4) DLG amount once invoked by an NBFC shall not be reinstated, including through loan recovery.

to be governed by the [Reserve Bank of India \(Non-Banking Financial Companies – Prudential Norms on Capital Adequacy\) Directions, 2025](#).

- (2) In case, DLG provider is an NBFC, it shall deduct full amount of the DLG which is outstanding from its capital.

27. Invocation and tenor of DLG

- (1) An NBFC shall invoke DLG within a maximum overdue period of 120 days, unless the loan dues are made good by the borrower before that.
- (2) The period for which the DLG agreement remains in force shall not be less than the longest tenor of the loan in the underlying loan portfolio.

28. Disclosure requirements

- (1) An NBFC shall put in place a mechanism to ensure that LSPs with whom they have a DLG arrangement shall publish on their website the total number of portfolios and the respective amount of each portfolio on which DLG has been offered. The name of the lender(s) may or may not be disclosed as part of disclosure under this provision.
- (2) Disclosure under sub-paragraph (1) above shall be made on a monthly basis, with the disclosure for any given month to be provided no later than seven (7) working days following the conclusion of that month.

- (1) Guarantee schemes of Credit Guarantee Fund Trust for Micro and Small Enterprises (CGTMSE), Credit Risk Guarantee Fund Trust for Low Income Housing (CRGFTLIH) and individual schemes under National Credit Guarantee Trustee Company Ltd (NCGTC).
- (2) Credit guarantee provided by Bank for International Settlements (BIS), International Monetary Fund (IMF) as well as Multilateral Development Banks as referred to in the [Reserve Bank of India \(Commercial Banks – Prudential Norms on Capital Adequacy\) Directions, 2025](#).

F. General Provisions

30. General provisions

- (1) EMI programmes on Credit Card are governed specifically by the [Reserve Bank of India \(Non-Banking Financial Companies – Credit Cards: Issuance and Conduct\) Directions, 2025](#). Such transactions shall not be covered under these Directions. However other loan products offered on Credit Cards which are not covered / envisaged under the aforesaid Master Direction shall be governed by the stipulations laid down under this Chapter on Digital Lending..
- (2) DLG arrangements entered between an NBFC and their LSP conforming to the instructions laid down in this Chapter shall neither be treated as “synthetic securitisation” as defined under the [Reserve Bank of India \(Non-Banking Financial Companies – Securitisation Transactions\) Directions, 2025](#), nor attract the provisions of ‘loan participation’ as defined under the [Reserve Bank of India \(Non-Banking Financial Companies – Transfer and Distribution of Credit Risk\) Directions, 2025](#).

Chapter IV - Lending against Gold and Silver Collateral

Background: Reserve Bank has restricted lending against primary gold such as gold bullion due to broader macro-prudential concerns as also due to speculative and non-productive nature of gold. However, NBFCs have been permitted to lend against the collateral security of gold jewellery, ornaments and coins for meeting the short-term financing needs of borrowers. The extant regulations are guided, inter alia, by the objective of providing the borrowers an avenue to tide over their tight liquidity conditions by leveraging the gold jewellery, ornaments or coins that are kept idle, while simultaneously addressing the risks for the lenders. Similar concerns and objectives guide a few regulations issued in the past on lending against the collateral of silver.

31. Instructions contained in this Chapter shall be complied with as expeditiously as possible but no later than April 1, 2026. Loans sanctioned prior to the date of adoption of the Directions by the bank shall continue to be governed by the instructions mentioned in the Annex II and applicable before the adoption of these Directions. Instructions contained in Annex II will cease to be effective from the date of adoption and implementation of instructions contained in this Chapter.

A. General Provisions

32. The credit policy (hereinafter called the policy) of an NBFC, as required in terms of the Chapter II on 'Board Approved Policies', shall include, inter alia, appropriate single borrower limits and aggregate limits for the portfolio of loans against collateral of jewellery, ornaments or coins made of gold or silver ("eligible collateral" for this Chapter); maximum LTV ratio permissible for such loans; action to be taken in cases of breach of LTV ratio; valuation standards and norms; and standards of gold and silver purity. The policy shall also include appropriate documentation to be obtained and maintained for loans proposed to be categorised under priority sector lending.

33. An NBFC may decide on a suitable approach for lending against eligible collateral as part of its credit risk management framework, consistent, inter alia, with the principle of proportionality and ease of access for small ticket loans. However, detailed credit assessment, including assessment of borrower's repayment

capacity shall be undertaken in case the total loan amount against eligible collateral is above ₹2.5 lakh to a borrower.

Provided that in case of Bullet repayment loans, the threshold loan amount for detailed credit assessment shall be the total amount payable at maturity.

34. The NBFC may renew an existing loan or sanction a top-up loan upon a formal request from the borrower and subject to a credit assessment in accordance with paragraph 33 above. Such renewal or top-up shall be permitted only within the permissible LTV, and provided the loan is classified as standard. Further, renewal of bullet repayment loan shall be allowed only after payment of accrued interest, if any. The NBFC shall ensure that such renewals and top-ups are clearly identifiable in its Core Banking System or Loan Processing System.

B. Restrictions and Ceilings

35. The NBFC shall not grant any advance or loan:

- (1) For purchase of gold in any form including primary gold, ornaments, jewellery, or coins, or for purchase of financial assets backed by gold, e.g., units of Exchange-traded funds (ETFs) or units of Mutual Funds; and
- (2) against primary gold or silver or financial assets backed by primary gold or silver.

36. The NBFC shall not extend a loan where ownership of the collateral is doubtful. A suitable document or declaration shall be obtained from the borrower in all cases to the effect that the borrower is the rightful owner of the eligible collateral. Multiple or frequent sanction of loans against eligible collateral to the same borrower, aggregating to a value in excess of a threshold to be decided by the lender, must be examined closely as part of the transaction monitoring under the anti-money laundering (AML) framework.

37. The NBFC shall not:

- (1) Avail loans by re-pledging gold or silver pledged to it by its borrowers.
- (2) Extend loans to other lenders, entities or individuals by accepting gold or silver collateral pledged to such lenders, entities, or individuals by their borrowers as collateral.

For removal of doubt, it is clarified that the above provision does not preclude a lender from financing another lender against the security of underlying receivables.

38. Tenor of consumption loans in the nature of bullet repayment loans shall be capped at 12 months, which may be renewed in terms of paragraph 34 above.
39. Loans against ornaments and coins shall be subject to the following:
- (1) The aggregate weight of ornaments pledged for all loans to a borrower shall not exceed 1 kilogram for gold ornaments, and 10 kilograms for silver ornaments.
 - (2) The aggregate weight of coin(s) pledged for all loans to a borrower shall not exceed 50 grams in case of gold coins, and 500 grams in case of silver coins.

C. Valuation and Assaying of Gold and Silver collateral

40. Gold or silver accepted as collateral shall be valued based on the reference price corresponding to its actual purity (caratage). For this purpose, the lower of (a) the average closing price for gold or silver, as the case may be, of that specific purity over the preceding 30 days, or (b) the closing price for gold or silver, as the case may be, of that specific purity on the preceding day, as published either by the India Bullion and Jewellers Association Ltd. (IBJA) or by a commodity exchange regulated by the Securities and Exchange Board of India (SEBI) shall be used.
41. If price information for the specific purity is not directly available, the lender shall use the published price available for the nearest available purity and proportionately adjust the weight of the collateral based on its actual purity to arrive at valuation.
42. For the purpose of valuation, only the intrinsic value of the gold or silver contained in the eligible collateral shall be reckoned and no other cost elements, such as precious stones or gems, shall be added thereto.

D. Loan to Value Ratio (LTV)

43. The maximum LTV ratio in respect of consumption loans against the eligible collateral shall not exceed LTV ratios as provided in the table below:

Total consumption loan amount per borrower	Maximum LTV ratio
≤ ₹2.5 lakh	85 per cent

> ₹2.5 lakh & ≤ ₹5 lakh	80 per cent
> ₹5 lakh	75 er cent

Explanation: ‘Loan to Value (LTV) ratio’ on a day in this context means the ratio of the outstanding loan amount to the value of the pledged collateral or security, as the case may be, on that day. In case of bullet repayment loans, however, the LTV calculation, and the amount, shall take into account the total amount repayable at maturity.

44. The prescribed LTV ratio shall be maintained on an ongoing basis throughout the tenor of the loan.

E. Other Provisions

45. For conduct related aspects and collateral management, the NBFC shall be guided by the instructions contained in [Reserve Bank of India \(Non-Banking Financial Companies – Responsible Business Conduct\) Directions, 2025](#).

46. The NBFC shall generally disburse loans into borrower’s bank accounts. NBFC shall comply with the [Reserve Bank of India \(Non-Banking Financial Companies – Know Your Customer\) Directions, 2025](#). Provisions of Sections 269 SS and 269 T of the Income Tax Act, 1961, and associated rules shall be complied with, as may be applicable.

47. In case of transfers, the NBFC shall ensure that:

- (1) Loan disbursements are made to the borrower’s account and not to a third-party account

Exceptions:

- (i) Disbursements covered exclusively under statutory or regulatory mandate (of RBI or of any other regulator),
(ii) Flow of money between lenders for co-lending transactions,
(iii) Disbursements for specific end use, provided the loan is disbursed directly into the bank account of the end-beneficiary).

- (2) Loan servicing, repayment, etc. is executed by the borrower directly in the NBFC’s account without any pass-through account or pool account of any third party.

48. Running multiple loans simultaneously to a single borrower or a group of related borrowers may be prone to misuse and susceptible to fraud. Consequently, such practices shall be subject to stricter internal audit and supervisory examination.
49. For instructions on disclosure requirements, the bank shall be guided by the instructions contained in [Reserve Bank of India \(Non-Banking Financial Companies – Financial Statements: Presentation and Disclosures\) Directions, 2025](#).
50. All NBFCs shall disclose in their balance sheet the percentage of loans extended against these collaterals, separately for gold and silver, to their total assets.

Chapter V - Microfinance Loan

51. Microfinance loan is a collateral-free loan given to a household having annual household income up to ₹3,00,000. For this purpose, the household shall mean an individual family unit, i.e., husband, wife and their unmarried children. Also, all collateral-free loans, irrespective of end use and mode of application / processing / disbursement (either through physical or digital channels), provided to low-income households, i.e., households having annual income up to ₹3,00,000, shall be considered as microfinance loans. Further, to ensure collateral-free nature of the microfinance loan, the loan shall not be linked with a lien on the deposit account of the borrower or backed by hypothecation of any security.

A. Assessment of Household Income

52. The NBFC shall put in place a board-approved policy for assessment of household income. Indicative methodology for assessment of household income is outlined below:

(1) For undertaking the income assessment of a low-income household, information related to following parameters may be captured by the lender:

(i) Parameters to capture household profile

(a) Composition of the household

- i. Number of earning members
- ii. Number of non-earning members

(b) Type of accommodation (owned / rented, etc.)

(c) Availability of basic amenities (electricity, water, toilet, sewage, LPG connection, etc.)

(d) Availability of other assets (land, livestock, vehicle, furniture, smartphone, electronic items, etc.)

(ii) Parameters to capture household income

(a) Primary source of income

- i. Sector of work (Agriculture & allied activities, trading, manufacturing, services, etc.)

- ii. Nature of work (Self-employed or salaried, regular or seasonal, etc.)
- iii. Frequency of income (daily / weekly / monthly)
- iv. Months/ days of employment over last one year
- v. Self-reported monthly income
- vi. Average monthly income (to be derived from (iv) & (v) above)

(b) Other sources of income

- i. Remittance

- iii. Pension
- iv. Government transfer
- v. Scholarship
- vi. Others (specify details)

(c) The income assessment as above may be carried out for all earning members with respect to all sources (primary or secondary) of income. While assessing income of all members from all sources, it may be ensured that there is no double counting of income such as counting of salary income of one migrant member also as remittance income for the household.

(d) While the income computation may be done on a monthly basis, the income assessment for all members and sources may be carried out over a period of minimum one year to ascertain the stability of the household income.

(iii) Parameters to capture household expenses

- (a) Regular monthly expenses (food, utilities, transport, house / shop rent, clothing, regular medical costs, school / college fees, etc.)
- (b) Irregular expenses over last one year (medical expenses, house renovation, purchase of household goods, functions, etc.)

(2) Self-reported income at 1(ii) above may be corroborated with the profile of household at 1(i) and household expenses at 1(iii). Further, household income

may also be verified from other sources (bank account statements of the borrowers, group members, other references in the vicinity, etc.).

53. Self-regulatory organisations (SROs) and other associations / agencies may also develop a common framework based on the indicative methodology. The NBFC may adopt / modify this framework suitably as per their requirements with approval of their boards.
54. The NBFC shall mandatorily submit information regarding household income to the Credit Information Companies (CICs). Reasons for any divergence between the already reported household income and assessed household income shall be specifically ascertained from the borrower/s before updating the assessed household income with CICs.

B. Limit on Loan Repayment Obligations of a Household

55. The NBFC shall have a board-approved policy regarding the limit on the outflows on account of repayment of monthly loan obligations of a household as a percentage of the monthly household income. This shall be subject to a limit of maximum 50 per cent of the monthly household income.

Explanation: Any future expected income from the asset/ activity financed by a microfinance loan shall not be included in the household income for the purpose of calculating the indebtedness of the household.

56. The computation of loan repayment obligations shall take into account all outstanding loans (collateral-free microfinance loans as well as any other type of collateralized loans) of the household. The outflows capped at 50 per cent of the monthly household income shall include repayments (including both principal as well as interest component) towards all existing loans as well as the loan under consideration.
57. Existing loans, for which outflows on account of repayment of monthly loan obligations of a household as a percentage of the monthly household income exceed the limit of 50 per cent, shall be allowed to mature. However, in such cases, no new loans shall be provided to these households till the prescribed limit of 50 per cent is complied with.

58. The NBFC shall provide timely and accurate data to the CICs and use the data available with them to ensure compliance with the level of indebtedness. Besides, the NBFC shall also ascertain the same from other sources such as declaration from the borrowers, their bank account statements and local enquiries.

C. Flexibility of repayment periodicity

59. The NBFC shall have a board-approved policy to provide the flexibility of repayment periodicity on microfinance loans as per borrowers' requirement.

D. Pricing of Microfinance Loans

60. An NBFC shall put in place a Board-approved policy regarding pricing of microfinance loans which shall, *inter alia*, cover the following:

- (1) A well-documented interest rate model / approach for arriving at the all-inclusive interest rate.
- (2) Delineation of the components of the interest rate such as cost of funds, risk premium and margin, etc. in terms of the quantum of each component based on objective parameters.
- (3) The range of spread of each component for a given category of borrowers.
- (4) A ceiling on the interest rate and all other charges applicable to the microfinance loans.

61. Interest rates and other charges / fees on microfinance loans should not be usurious. These shall be subjected to supervisory scrutiny by the Reserve Bank.

E. Other aspects related to microfinance loans

62. The NBFC providing microfinance loans shall also refer to:

- (1) [Reserve Bank of India \(Non-Banking Financial Companies – Responsible Business Conduct\) Directions, 2025](#) for instructions related to Key Fact Statement and guidelines on conduct towards microfinance borrowers.
- (2) [Reserve Bank of India \(Non-Banking Financial Companies – Managing Risks in Outsourcing\) Directions, 2025](#) for instructions pertaining to responsibilities for outsourced activities.

Chapter VI - Project Finance

A. Introduction

63. The Directions in this Chapter provide a harmonised framework for financing of projects in infrastructure and non-infrastructure (including commercial real estate & commercial real estate- residential housing) sectors by the NBFC.
64. The directions contained in this Chapter shall not apply to projects where financial closure has been achieved as on October 1, 2025 (the 'Effective Date' for this Chapter) for which the prudential guidelines on project finance prevailing before October 1, 2025, which otherwise shall be treated as repealed, shall apply. However, any resolution of a fresh credit event and / or change in material terms and conditions in the loan contract in such projects, subsequent to the effective date, shall be as per the guidelines under the [Reserve Bank of India \(Non-Banking Financial Companies – Resolution of Stressed Assets\) Directions, 2025](#).

B. General Guidelines

B.1 Phases of Projects

65. For the purpose of application of prudential guidelines contained in this Chapter, Projects shall be broadly divided into three phases namely:
- (1) Design phase – This is the first phase which starts with the genesis of the project and includes, *inter-alia*, designing, planning, obtaining all applicable clearances / approvals till its financial closure.
 - (2) Construction phase – This is the second phase which begins after the financial closure and ends on the day before the actual DCCO.
 - (3) Operational Phase – This is the last phase which starts with commencement of commercial operation by the project on the day of the actual DCCO and ends with full repayment of the project finance exposure.

B.2 Prudential Conditions Related to Sanction

66. The credit policy of an NBFC shall incorporate suitable clauses for sanction of project finance exposures, taking into account *inter alia* the provisions under these Directions.

67. For all projects financed by a lender, it shall be ensured that:

- (1) Financial closure has been achieved and original DCCO is clearly spelt out and documented prior to disbursement of funds.
- (2) The project specific disbursement schedule vis-à-vis stage of completion of the project is included in the loan agreement.
- (3) The post DCCO repayment schedule has been realistically designed to factor in the initial cash flows.

Provided that, the original or revised repayment tenor, including the moratorium period, if any, shall not exceed 85 per cent of the economic life of a project.

68. For a given project, original / extended / actual DCCO, as the case may be, shall be same across all lenders to the project.

69. In under-construction projects where the aggregate exposure of the lenders is up to ₹1,500 crores, no individual lender shall have an exposure which is less than 10 per cent of the aggregate exposure. For projects where aggregate exposure of all lenders is more than ₹1,500 crores, the exposure floor for an individual lender shall be 5 per cent or ₹150 crores, whichever is higher.

Provided that, the above minimum exposure requirements shall not apply post-actual DCCO and lenders may freely acquire from or sell exposures to other lenders, in compliance with guidelines contained in the [Reserve Bank of India \(Non-Banking Financial Companies – Transfer and Distribution of Credit Risk\) Directions, 2025](#). Prior to actual DCCO, lenders may acquire from or sell exposures to other lenders under a syndication arrangement (as specified under the [Reserve Bank of India \(Non-Banking Financial Companies – Transfer and Distribution of Credit Risk\) Directions, 2025](#)), provided the share of individual lenders is in adherence to the above limits.

70. An NBFC shall ensure that all applicable approvals / clearances for implementing / constructing the project are obtained before financial closure. An indicative list of such pre-requisite approvals / clearances includes environmental clearance, legal clearance, regulatory clearances, etc., as applicable to the project.

71. Approvals / clearances which are contingent upon achievement of certain milestones in terms of project completion shall be deemed to be applicable only when such milestones are achieved. For example, consent to operate a boiler can only be applied for after the construction of a boiler. Hence, the same shall not be treated as an applicable mandatory pre-requisite at the time of financial closure.

C. Prudential Conditions Related to Disbursement and Monitoring

72. An NBFC shall ensure availability of sufficient land / right of way for all projects before disbursement of funds, subject to the following minimum requirements:

- (1) For infrastructure projects under PPP model – 50 per cent
- (2) For all other projects (non-PPP infrastructure, and non-infrastructure including CRE & CRE-RH) – 75 per cent
- (3) For transmission line projects – as decided by a NBFC

73. In case of infrastructure projects under PPP model, disbursement of funds shall begin only after declaration of the Appointed Date or its equivalent, for the project.

74. Further, in respect of the exposures mentioned at paragraph 73 above, the original DCCO documented in the financial closure document may be modified to reflect any change in the 'Appointed Date' by the concession granting authority prior to disbursement of funds by way of a supplementary agreement between a lender and the debtor subject to reassessment of project viability and obtention of sanction from appropriate authorities. A Techno-Economic Viability (TEV) study shall be required for this purpose for all projects where the aggregate exposure of all lenders is ₹100 crores or more.

75. An NBFC shall ensure that disbursal is proportionate to the stages of completion of the project as also to the progress in equity infusion and other sources of finance, agreed as part of financial closure and receipt of remaining applicable clearances. The lender's Independent Engineer (LIE) / Architect shall certify the stages of completion of the project.

76. A project finance account may be classified as NPA during any time before actual DCCO as per record of recovery, in terms of [Reserve Bank of India \(Non-Banking](#)

[Financial Companies – Income Recognition, Asset Classification and Provisioning\) Directions, 2025.](#)

D. Miscellaneous

78. An NBFC shall update any change in parameters of a project finance exposure at the earliest, but not later than 15 days from such change. The necessary system in this regard shall be put in place within three months of the effective date.

E. Disclosures

79. An NBFC shall make appropriate disclosures in their financial statements, under 'Notes to Accounts', as specified in the [Reserve Bank of India \(NBFCs – Financial Statements: Presentation and Disclosures\) Directions, 2025](#).

Chapter VII - Partial Credit Enhancement

80. An NBFC in the Middle Layer and above may provide Partial Credit Enhancement (PCE) to bonds issued by corporates/ special purpose vehicles (SPVs) for funding all types of projects and to bonds issued by Non-deposit taking NBFCs with asset size of ₹1,000 crore and above registered with RBI. PCE may also be provided to bonds issued by Municipal Corporations.

81. The objective behind allowing NBFCs to extend PCE is to enhance the credit rating of the bonds issued so as to enable corporates to access the funds from the bond market on better terms.

A. Salient features of the PCE facility

82. The credit policy of the NBFC shall incorporate suitable provisions for issue of PCE, covering issues such as quantum of PCE, underwriting standards, assessment of risk, pricing, setting limits, etc.

83. PCE shall be a subordinated facility provided in the form of an irrevocable contingent line of credit which will be drawn in case of shortfall in cash flows for servicing the bonds and thereby may improve the credit rating of the bond issue.

84. A clear agreement documenting all aspects of this arrangement shall be signed between the promoter (bond issuer), the PCE providing NBFC, the bondholders (through the Trustee) and all other lenders to the project. The agreement to this effect shall be in the nature of a legally binding contract. The documentation for the facility shall clearly define the circumstances under which the facility would be drawn upon.

85. The PCE exposure limit by a single NBFC shall be 50 per cent of the bond issue size. The aggregate exposure limit of PCE providers towards the PCE for a given bond issue has also been capped at 50 per cent of the bond issue size.

86. The PCE facility shall be provided at the time of the bond issue and shall be irrevocable. PCE cannot be provided by way of guarantee.

87. As the purpose of PCE by NBFC is to enable wide investor participation in the corporate bond market, NBFC shall not invest in corporate bonds which are credit

enhanced by any Regulated Entity of the Reserve Bank. They may, however, provide other need based credit facilities to the corporate/ SPV.

88. The NBFC may offer PCE only in respect of bonds whose pre-enhanced rating are not lower than “BBB” minus as issued by accredited External Credit Assessment Institutions (ECAI).
89. To be eligible for PCE, corporate bonds shall be rated by a minimum of two ECAI at all times.
90. The rating reports, both initial and subsequent, shall disclose both standalone credit rating (i.e., rating without taking into account the effect of PCE) as well as the enhanced credit rating (taking into account the effect of PCE).
91. So long as the exposure of the NBFC to a project loan is classified as standard and the borrower is not in any financial distress ([Reserve Bank of India \(\(Non-Banking Financial Companies – Resolution of Stressed Assets\) Directions, 2025](#) for indicative list of signs of financial difficulty), providing a commercially priced PCE to enhance the rating of a bond issue, whose proceeds replace, in whole or in part, the NBFC’s project loan, would not amount to restructuring.
92. The PCE shall be available only for servicing the bond and not for any other purpose (such as funding acquisition of additional assets by the corporate, meeting part of the project cost or meeting recurring expenses of the corporate or servicing other lenders/ creditors to the project etc.), irrespective of the seniority of claims of other creditors in relation to the bond holders.
93. In case the PCE facility is partly drawn and interest accrues on the same, the unpaid accrued interest shall be excluded from the calculation of the remaining amount available for drawing.
94. In a waterfall mechanism, Credit Enhancement (CE) gets drawn only in a contingent situation of cash flow shortfall for servicing a debt/ bond etc., and not in the normal course of business. Hence, such an event is indicative of financial distress of the project. Keeping this aspect in view, a drawn tranche of the contingent PCE facility shall be required to be repaid within 30 days from the date of its drawal (due date). The facility shall be treated as NPA if it remains

outstanding for 90 days or more from the due date and provided for as per the usual asset classification and provisioning norms. In that event, the NBFC's other facilities to the borrower shall also be classified as NPA as per extant guidelines.

95. The PCE providing NBFC shall observe the following exposure limits:

- 1) PCE exposure by the NBFC to a single counterparty or group of counterparties shall be within the overall regulatory exposure limits applicable to the NBFC.
- 2) The aggregate PCE exposure of the NBFC shall not exceed 20 per cent of its Tier 1 capital.

B. Additional conditions for providing PCE to bonds of NBFCs

96. The tenor of the bond issued by NBFCs for which PCE is provided shall not be less than three years.

97. The proceeds from the bonds backed by PCE from the NBFC shall only be utilized for refinancing the existing debt of the NBFCs. The NBFC shall introduce appropriate mechanisms to monitor and ensure that the end-use condition is met.

98. The exposure of the NBFC by way of PCEs to bonds issued by each such NBFC shall be restricted to one percent of capital funds of the RE within the extant single / group borrower exposure limits.

C. Other Aspects of PCE

99. The effect of the PCE on the bond rating shall be disclosed in the bond offer document i.e., the rating of the bond without and with the PCE shall be disclosed.

100. The NBFC shall ensure that the project assets, created out of the bond issue for which PCE has been provided by them, and the cash flows from the project are ring fenced through an escrow account mechanism administered under a bond trustee arrangement. The manner in which security interest in the project assets would be shared by the lenders to the project, bond holders and the NBFC providing the PCE and the manner in which the project cash flows would be shared for servicing loans, if any, and the bonds and PCE, shall be decided and agreed upon before the issue of bonds and shall be properly documented.

101. The project shall have a robust and viable financial structure even before the credit enhancement is taken into account. Nevertheless, while providing PCE, the NBFC shall exercise necessary due diligence and credit appraisal, including making their own internal credit analysis / rating.
102. The NBFC shall honour the full PCE commitment irrespective of the asset classification of the concerned borrower's credit facilities.
103. All extant regulatory prescriptions for credit and investment exposures by the NBFC, unless specified otherwise in these Directions, shall continue to apply.

Chapter VIII - Other Regulatory Restrictions
